### How to Make:

2. Use the pattern makers wheel to create the faux stitching effect around the edges of the insert and join up the dots using a fine black marker pen.
3. Concertina fold the pink striped paper four times and die-cut using your heart die (see the concertina fold video).
4. Use a PC to create your chosen sentiment and print onto ivory card before trimming to size. Ink the edges of each word and attach them into the centre of the hearts using an adhesive foam pad.
5. Apply a little glue to the two outer heart and fold together before mounting into the base card so that they pop out when opened.
