How to Make:

1. Repeat the steps for the pop-up card except when placing the folded ivory card against the die, tilt it slightly so that the fold is offset.
2. Attach a couple of cocktail sticks to the wings and string with the twine.
3. Use a pair of scissors to cut the bunting and add the letters with an alphabet stamp set before attaching to the twine.
4. Fold the ivory base card and attach the floral pattern paper to both ends.

Where the card is folded in the centre of the ivory owl, pop this out and apply a little glue to both sides before placing into the base card and holding closed until the glue dries. Open the card and see the owl spring into life.
