

# 661608 Sizzix® Bigz™ Die - Village Gingerbread by Tim Holtz®

1. Assemble basic structure of Village Dwelling (660992). Do not attach main roof, portico roof or chimney. Die-cut Village Gingerbread pieces from desired material. The roof covering requires a minimum of 16 shingle strips (12 for the main roof and 4 for the portico roof).

2. Adhere the first strips of shingles to the front and back edge of the main roof, and the left and right edges of the portico roof. The indent of the semi-circles should align with the roof edge. Alternate each strip. The large roof requires a minimum of 6 strips per side. Fold the roof pieces and adhere the ridge caps. After adhesive is dry, trim around the edges of each roof.

3. Embellish window frames, wreath, candy canes, pretzels and peppermints.

4. Adhere main roof to the dwelling. Attach portico roof to the front of the dwelling. Embellish front door and apply window frames.

5. Adhere frosted detail to the eaves of the roof. The trim on the portico will need to be cut to length. Embellish with gumdrops, peppermints and candy canes.

6. Adhere chimney to the roof and pretzels to the corners of the dwelling base.
